"The *only* brushes we will use are Braun."

"Braun Brushes outlast other brushes we have used by 10 to 1!"

"Your brushes cost a little more, but they last a lot longer; saving a lot in the long run."

These are comments we hear frequently from our customers. We are grateful for their praise and have worked hard to earn it.

As the oldest family owned brush manufacturer in business today (established in 1875) we are dedicated to providing you with the:

- best brushes possible.
- finest materials.
- highest quality available.
- most stringent hygienic standards.
- long-lasting performance.

Over half of all the brushes manufactured at Braun are custom made to our customers' specifications.

If you don't see the brush you need for your application, please use either the design-a-brush feature on our website or give us a call.

Our tech people will walk you through the entire process. Braun is here to build the brushes you need.

metal free products

pipe and tube brushes

Metal free brushes are a new solution to cleaning the inside of straight and especially curved pipes and tubes without scratching them. Metal Free brushes are made with 100% food grade polypropylene for maximum compatibility to a wide range of cleaning solutions. The bristles are fused to the handles which minimizes the potential for trapping bacteria and contaminants while securely holding the bristles in place. If you do not see a specific size brush, please contact us at 1-800-645-4111 to discuss your needs, or you can design your own brush on our website at www.brush.com.

design your own brush

designing your own brush is easy

Braun can manufacture unique brushes to fit any application. We make brushes used for dusting, liquid application or cleaning to your specifications. You can design online on the design-a-brush section of the website at www.brush.com, call toll-free for a quote at 1-800-645-4111 or FAX us your drawing to 516-741-6299. We can manufacture one brush or 100 – whatever the need.

cylindrical brush

metal back strip brush

twisted in wire brush

satisfaction guaranteed

Satisfaction is guaranteed! If you are not completely satisfied with anything you order from Braun Brush, we will gladly repair, replace or refund the cost of the products in full. Please call toll-free within 60 days of receipt of goods for specific return instructions.

1-800-645-4111

metal freebrushes

tube brushes monofilament

Metal free brushes are used to clean the inside of straight and especially curved pipes and tubes. They also clean valves and fittings or anywhere aggressive scrubbing is needed. Metal Free brushes will not scratch any surface. Made with 100% food grade polypropylene. Highly chemical resistant. Fused bristles minimize the potential for trapping bacteria and contaminants. Available in white only.

pipe & fittingbrushes

reversible pipe brush

A Braun original. The concept of being able to reverse this brush after use in one direction almost doubles the brush life. The polypropylene core is bonded to an aluminum tube with 1/4" female pipe threads at each end. Synthetic bristles are securely fastened by a stainless steel retaining wire. Handle not included; see page 10.

Price	\$8.80	\$9.10	\$9.40	\$9.70	\$10.00

machinebrushes

sanitary bench and table brush - epoxy set

Exceeds all sanitary standards. White synthetic bristles set deep into solid white epoxy. Solid white polypropylene block. Brush measures 8 1/2" x 2 1/2" trim, overall length is 14".

Item #	Brush Material	Price
B22	White Synthetic	\$31.50

sanitary bench and table brush – staple set

Synthetic bristles set with stainless steel staples in a solid white polypropylene block. Brush measures 8 1/2" x 2 1/2" trim, overall length is 14".

Item #	Brush Material	Price
2200	White Synthetic Fiber	\$13.20

thin machine brush – epoxy set

This brush will do a fine job getting into thin spaces in and around machinery. The white polypropylene block is only 7/16" thick x 7/8" high. The overall length is 23", allowing for a long reach. The synthetic bristles are 2 1/4" long.

Item #	Brush Material	Price
9556X	White Synthetic Fiber	\$23.60

thin machine brush – staple set

The same as our 9556X except staple set with stainless steel staples. The synthetic bristles are 2 1/4" long — held in place by stainless steel staples.

Item #	Brush Material	Price
9556	White Synthetic Fiber	\$9.70

outside of pipe cleaning brushes

standard outside of pipe cleaning brush

The standard brush has two heavy-duty galvanized steel wires and the heavy duty (below) has four heavy duty stainless steel wires.

Item #	Price
3892	\$13.60

heavy duty outside of pipe cleaning brush

Four heavy-duty stainless steel stem wires give this brush ample strength to hold its shape while in use. White synthetic bristles give long wear life. The threaded handle socket provides handle versatility. The size may be changed on location. Handle not included — we recommend model AL12, AL18 or AL24 shown on page 10.

Item #	Price
3890	\$48.00

tank & vatbrushes

the ultimate tank brush – epoxy set

The only all plastic, totally hygienic tank brush. This means no bacteria buildup, since there are no tuft holes. Bristle fallout has been virtually eliminated since every strand is fused into solid epoxy. Solid polypropylene block prevents cracking or chipping. Less fatigue with Braun's cored block design. Why lift all that extra weight? The ultimate in brush sanitation and the answer to the food inspector's dream. Brush measures 6" diameter x 12" wide. Handle not included; see page 10.

Item #	Brush Material	Price
9400	White Synthetic	\$105.00

the standard tank brush – staple set

This is the standard by which most tank brushes are judged. It is the same as the 9400, but with tufts anchored with stainless steel staples into machined tuft holes. Brush measures 5 1/2" diameter x 11 1/2" wide.

Item #	Brush Material	Price
7400	White Synthetic	\$40.90

can & kettlebrushes

power driven can washing brushes

This brush is built on a 2" diameter hardwood or poly core, extending 3" out of the brush. The brush is filled with Tynex® nylon. Along the brush body, the filament is stainless steel wire wound to the core. The filament at the brush head is set into a high density poly block held securely with stainless steel staples.

5

For 5-gallon Dispenser Cans the overall length is 22 1/2" and maximum diameter is 10 1/2".

Item #	Core Material	Price
GM1	Hardwood Core	\$316.10
GM1P	Poly Core	\$487.00

For 10-gallon Dispenser Cans the overall length is 27" and maximum diameter is 13 1/8".

Item #	Core Material	Price
GM2	Hardwood Core	\$337.00
GM2P	Poly Rod	\$525.00

bottle washing brushes

Item #	Size	Price
9075P	One-quart size — 3" diameter x 7" long handle 3/4" x 9"	\$32.00
9275P	Half-gallon size — 3 1/2" diameter x 7" long handle 3/4" x 9"	\$34.00
91004P	Four-ounce Composite Jar Brush — 2 3/4" diameter x 4" long brush, handle measures 5/8" diameter x 6" long.	\$30.00
91008P	Eight-ounce Composite Jar Brush — 2 3/4" diameter x 4 3/4" long brush, handle measures 5/8" diameter x 8" long.	\$34.00

upright kettle brush

Solid hi-density polyethylene brush block. Synthetic bristles with a single threaded handle hole. Brush measures 4" or 5" diameter x 7" long. Handle not included; see page 10.

Item #	Diameter	Price
9870-4	4"	\$74.90
9870-5	5"	\$86.00

floorbrushes

the only sanitary push broom – epoxy set

Just imagine — a push broom designed to stay as clean and sanitary as the day you bought it. Epoxy bristle setting and plastic block makes it possible to wash this broom as often as you like with no risk of damage. Handle not included; see page 10.

Item #	Length	Brush Material	Price
77N14	14"	White Synthetic	\$95.00

1777RR	30"	\$17.50
1778RR	36"	\$21.00

6

drainbrushes

drain brushes

All drain brushes are made using black polyester fiber on a solid polypropylene block. Brushes come with an external thread to fit the L type handle.

Item #	Diameter	Price
3403	3"	\$12.60
3404	4"	\$13.80
3405	5"	\$15.20

drain brush handles

Drain brush handles are made of PVC with a white vinyl grip. Handles are made to accept the drain brushes only. Drain brush handle, PVC internal thread.

Item #	Diameter	Price
L36	36"	\$18.80
L48	48"	\$22.00

ballbrushes

braun's unique ball brush

Let your imagination run wild conjuring up easy ways to clean pipes! No handle is required. Pump it through your system with liquid or air pressure. Be sure all pipes in the line have the same I.D. Ask for any size brush — we either have it, or will make it. Don't feel limited. Our pattern shop will produce the size you require in a matter of weeks. The metal core can be re-bristled many times. Please call us toll free for a prompt quote.

pipe & fitting brushes

twisted in wire brushes – medium duty

These specially designed brushes provide a twisted wire stem of the correct diameter best suited for the diameter of the brush part. When ordering, just state the brush number. All brushes are filled with white synthetic. Other sizes available upon request.

scrubbingbrushes

super clean utility brush – epoxy set

The first and only hand scrub brush with synthetic bristles bonded in epoxy. This means no tuft holes for bacteria to gather. No stapled tufts to come loose. The unbreakable handle also assures the highest sanitation standards. Brush head measures 5" x 5" x 2" trim, overall length is 10".

Item #	Brush Material	Price
9190	White Synthetic	\$21.50

short handle utility brush – staple set

This brush has similar block and dimensions as the super clean utility brush. The difference is that all tufts are staple set into machined holes; the same method used by all other scrub brush manufacturers. Brush head measures 4" x 4" x 2" trim, overall length is 10".

Item #	Brush Material	Price
9197	White Synthetic	\$13.20

long handle utility style – epoxy set

Braun's revolutionary epoxy set synthetic bristles meet or surpass every modern hygienic standard, while providing the ultimate in use and performance. Brush face measures 5" x 5", trim 2", overall length: 20". Polypropylene block.

Item #	Brush Material	Price
9191	White Synthetic	\$25.00

The same brush as 9191, but with synthetic staple set in machined tuft holes. Trim 1 3/4".

Item #	Brush Material	Price
9199	White Synthetic	\$15.30

curved face utility brush
