## DELUXE MAHOGANY TENNIS COURT BROOM

We have been making this broom the same way for over 75 years. The solid Mahogany block is aesthetically pleasing and unaffected by water and severe temperature changes. Three full rows of 7" long bassine fiber absorb moisture and help dry the court. Two heavy gauge steel handles are included. The handles are reversible to prolong broom life. The broom provides an even sweep 7' wide. Hand or cart drag it.

### Club Pricing

311-7	Deluxe Mahogany Drag Broom	\$205.00
	12 or more price	\$195.50
311-7NH	Mahogany Broom No Handle	\$167.00
	12 or more price	\$156.50
311H	Handle for Mahogany Broom	\$33.00
	Price is for each handle 2 needed per broom	

Other size brooms are available on request.

Attachments for cart dragging are available.

## COMPLETELY WEATHER PROOF ALUMINUM BROOM

We have replaced the wood handle cross piece with a weather proof and durable PVC cross piece.

The aluminum back brush is dynamically weighted for maximum brushing efficiency. The strong aluminum block is epoxy filled for ultimate strength and is inert to the elements. The broom can be flipped over and used as a scraper. It is the fullest brush on the market with 3 rows of fiber. Our new broom has stiffer polypropylene bristles 5.5" long. The broom is sold complete with two 4' aluminum handles joined by a 20" PVC cross piece. The handles are reversible for added broom life. The broom will provide an even sweep 7' wide. It can be dragged by hand or cart. Two hooks are provided for hanging on a chain link fence.

### Club Pricing

411-7	Aluminum Back Weather Proof Broom	\$160.00
	12 or more price	\$137.00
411-7NH	Aluminum Back Broom No Handles	\$114.00
	12 or more price	\$105.00
411H	Handle Set for Aluminum back broom	\$ 50.00

Price is for complete handle set including PVC cross bar

Other size brooms are available (call for pricing)

Attachments for cart dragging are also available

## Tennis Court Broom Trailer Pull

This broom is designed to be pulled by a golf cart. The handle is at the right angle to pull the broom efficiently. Polypropylene fibers are durable and just the right stiffness to do a great job. The broom is also weighted to do the maximum amount of levelling without moving too much material.

product: 411T single broom	\$247.00
product: 511T double broom	\$387.00
